INTAGLIO BARRIER CREAM
MATERIAL SAFETY DATA SHEET
According to Regulation (EU) No. 1907/2006

1. Product & Company Identification

Product Identification: Intaglio Barrier Cream

Supplier: Intaglio Printmaker
9 Playhouse Court
62 Southwark Bridge Road
London
SE1 0AT
Tel: +44 (0) 207 928 2633
Fax: +44 (0) 207 928 2711

2. Composition / Information on Ingredients

Chemical characterisation: Oil and water emulsion for cosmetic purposes

Ingredients: INCI-Name (according to INCI)

Aqua
Glycerin
Sodium Silicate
Sodium Tallowate
Ceteareth-5
Sodium Palm Kernelate
Paraffin
Parfum

3. Hazards Identification

No foreseeable hazards when used as a cosmetic product for skin protection according to the manufacturer's instructions (avoid eye contact).

4. First Aid Measures

- **Eye contact:** Rinse immediately with plenty of water also under the eyelids. If necessary consult a doctor.
- **Ingestion:** Rinse mouth and drink plenty of water. If necessary consult a doctor.

5. Fire Fighting Measures

- **Suitable extinguishing media:** Water spray jet, foam, powder, CO₂
- **Specific hazards:** None

6. Accidental Release Measures

- **Measures for cleaning/ collecting:** Collect in a suitable container. Rinse spillage area with water and cleaning agents to avoid possible slip hazard.

7. Handling and Storage

- **Handling/Storage:** Keep containers tightly closed; temperature -15°C to a max. of +35°C
Storage stability in original unopened container at room temperature (< 25°C) > 3 years.

8. Exposure Controls and Personal Protection

- Skin protection cream to be rubbed into the skin before work and washed-off with water after work.
- This product is for personal protection (according to Directive 89/656/EEC).
- Avoid eye contact.

9. Physical and Chemical Properties

- **Form:** Foamy/creamy/paste-like
- **Colour:** White
- **Odour:** Almond-like
- **pH-value:** Upon application: neutral. Acid or alkaline reactions are only possible in aqueous solutions as a result of appropriate ions. Therefore, the dry pr88 skin protection film is neutral. For a short period of time during hand washing a pH-value of approx. 9.5 is achieved ie, similar to washing with soap.
- **Melting temperature:** Approx. 40°C
- **Ignition temperature:** N/A
- **Flash point:** N/A
- **Explosion limits:** Unknown
- **Density:** (20°C) approx. 0.4 g/cm³
- **Vapour pressure:** N/A
- **Viscosity:** (20°C) shear thinning
- **Solubility in water:** Emulsifiable

10. Stability and Reactivity

- **Stability:** The product is stable at temperatures from -15°C to +40°C (max.)

11. Information on Toxicity

All ingredients are raw materials classified for the production of cosmetics. In accordance with the EU Cosmetics Directive the product underwent a safety assessment and is harmless to health when used according to the manufacturer's instructions. The product has been dermatologically tested.

12. Information on Ecology

- **Biological Degradability:** The product is biologically degradable.

13. Disposal

- **Product:** Disposal according to local regulations.
- **Packaging:** In the absence of regulations, empty containers can be disposed of in normal household refuse or recycling system.

14. Information on Transport

Non-dangerous material according to transport regulations

15. Regulations

- The product is subject to the EU Cosmetics Directive and is therefore exempt from the labelling requirements of the German Hazardous Materials Ordinance
- Water danger class: I (classification according to VwVwS)

16. Other Information

This information is based on our present knowledge and refers to the product in its condition on delivery. It describes the product in regard to safety requirements and therefore does not represent a guarantee of particular qualities.

The product is subject to the legal requirements of the EU Cosmetic Directive. Cosmetics are explicitly excluded from the requirement to provide Material Safety Data Sheets (Regulation [EU] No. 1907/2006). You have received this data sheet at your own express request. A classification of our product as hazardous substance or as dangerous preparation does not follow as a consequence of this.
